

Please keep the rules for the No-call list just the way they are.

My life is interrupted every single time a telemarketer calls. I am always too busy to talk to them. If they want to sell me their services they can send me something by postal mail.

I suffer from heart disease and I find that two of the biggest stresses in my life are telemarketers & spam. The telemarketers refuse to take NO for an answer. These people are relentless, especially the financial ones.

The annoying phone calls have finally stopped. Please Don't let them return!
